#### ROADS MADE OF STRAW.

One Hundred and Forty Miles Bedded  
 Down Around Walla Walla.

One hundred and forty-eight miles of  
 straw roads have been made within a  
 year around Walla Walla. Wash  
 Straw holds down the dust and pre-  
 vents the wheels from sinking too  
 deeply into the mud in the wet sea-  
 sons.

Straw is a favorite road building ma-  
 terial and is good while it lasts. Sage-  
 brush is also used in some places. This  
 latter is tougher than straw and  
 shreds into threadlike filaments with  
 little travel.

#### DULL EDGE DRAG.

A King split log road drag  
 with a dull edge will make a  
 road impervious to water if  
 used in wet weather.

# ADDAMS! ADDAMS!

## So Say We All, Gentlemen!

Is there a Democrat but believes that if Senator McCreary  
 gets the Gubernatorial nomination, the chances of his party's  
 success will be in doubt? Is it not the part of wisdom, there-  
 fore, for him to turn to some one who can bring the party to  
 victory? William Addams, of Harrison county, is such a  
 candidate. Place your banner in his hands and he will give  
 the hope and enthusiasm that must land us all winners. A  
 few weeks since we were left floundering, feeling that there  
 were none to make an active fight to oppose Senator McCreary  
 for the nomination, but since the manly stand and clean-cut  
 statements of Mr. Addams, our doubts are at last thrown aside  
 and hope has taken the place of our doubts in our party suc-  
 cess.

There be times when our darkest periods are just before  
 the dawn, and Democracy in Kentucky appears to have passed  
 through them. From now on every one should feel, with such  
 a man as Addams to lead, that success must surely come.

Mr. Addams has a number of relatives and friends in  
 "Old Shelby," and, though this county is in Mr. McCreary's  
 district, yet it can be turned to the Harrison county man who  
 can land the party triumphant in November.

Let us stop our party bickerings. Addams is a man we  
 can unite upon, and let us all, therefore, get together and be  
 for Addams.

Let the party slogan be, "Party Success," and Mr. Ad-  
 dams will be selected. He is the man of the hour, the man  
 you need, the man you must have.

Addams! Addams! So say we all! Addams!

#### The Sympathetic Watch.

The sympathetic watch is all very  
 well, writes a correspondent, but there  
 are many who find that their watches  
 can never be relied upon to behave  
 regularly. Generally the wearer is  
 found to be of a very nervous disposi-  
 tion, and it certainly looks as if this  
 communicated itself to the watch.  
 One inherited by the writer, which  
 had kept good time for years, imme-  
 diately developed erratic tendencies  
 when worn by him and has never got  
 out of them. Only once for a brief  
 space did a watch go regularly with  
 him. It was a Swiss one, which had  
 varied when worn in England, but  
 kept accurate time on a Swiss holiday.  
 And the question was whether it was  
 the wearer's temporarily braced nerves  
 or the effect of its native air on the  
 watch that did the trick. — London  
 Chronicle.

#### Spoiled His Speech.

"When I rose to speak it was so  
 still in the hall you could have heard  
 a pin drop."

"Yes?"

"Well, I stood there for a moment  
 looking out over the audience and  
 framing my first sentence, and I am  
 sure that I should have been able to  
 get along all right, but just before I  
 had got ready to utter my first word  
 some fool in the back end of the hall  
 yelled, "Louder!"—Judge.

## LOUISVILLE MARKET

Hogs Still Going Down; Fifteen  
 Cents Lower Than Last Week  
 --Fairly Good Demand For  
 Cattle

LAMBS FIVE CENTS LOWER.

Louisville, May 1.—Cattle—The re-  
 cepts of cattle to-day were 1,321 head;  
 not a heavy run, but there were not as  
 many buyers on the yards as usual, the  
 demand in most instances was con-  
 siderably curtailed, other markets low-  
 er and the trade was anything but sat-  
 isfactory. There was a reasonably  
 good demand for strictly choice light  
 butcher cattle at steady to a shade low-  
 er prices, but all medium and inferior  
 kinds, as well as heavy butcher cattle  
 were anywhere from 10@25c lower than  
 the best time last week; the feeder  
 and stocker trade was very quiet, about  
 steady; the bull market ruled slow and  
 lower; canner and cutter trade dull;  
 milch cow trade slow; not many good  
 heavy shipping cattle here, but there  
 were quiet a few medium and light  
 shipping cattle on sale; they were dull  
 and unevenly lower. The pens were  
 only fairly well cleared.

## What is a Safe Bank?

Did you ever stop to think  
 a bank is sound only  
 when its loans are safe?  
 A bank is allowed to  
 loan a large proportion  
 of its deposits, so if those  
 loans are not made to  
 those of undoubted ability  
 to repay, it is not in  
 shape to pay its depositors.  
 A bank that makes  
 safe loans is a safe  
 depository for your money
